

**Amendment to**  
**Consulting Services for Facilities Master Plan RFP 490-23-02**

The current RFP list section 3.1.5. *The FCA shall be conducted by qualified individuals trained in and licensed for construction, engineering or architecture for the specific building system assessed. A narrative shall be provided for each location documenting findings and needs categorized as immediate, short-term, and long-term capital repair/replacement as well as likely costs.*

*PPLD is amending the statement to read: 3.1.5. The FCA shall be conducted by qualified professional individuals trained in, certified and/or licensed in the related fields of construction, engineering or architecture for the specific building systems assessed. A narrative shall be provided for each location documenting findings and needs categorized as immediate, short-term, and long-term capital repair/replacement as well as likely costs.*
