INTRODUCTION

In presenting The R. L. Polk Directory Co's 1916 Directory of Colorado Springs, Colorado City and Manitou, the publishers have used every effort to make this Edition as up-to-date as it is possible to make a Directory.

CONTENTS

The information embraced in the Directory is of a most complete and varied a character. It contains a list of the citizens, alphabetically arranged, telling their business, location of business and residence. It gives the style of the firms and of the individual partners. It contains a Classified Business Directory, "The Buyers Guide," exclusively devoted to commercial and professional life and listing under proper classifications names of those engaged in professions and in every line of commercial, financial and manufacturing enterprises. By referring to the Miscellaneous Information you may inform yourself of the development along the lines of religion, education and benevolent, social and secret organizations, for in this department, churches, public and private schools, libraries, clubs, societies, fraternal, labor and benevolent orders are recorded. The condition of every department of the city and county government, banks, public and private institutions, commercial bodies, courts, public buildings, hospitals, parks, postoffice statistics, and much other valuable information can be found. The Directory also gives a Street and Householders' Guide, corrected to the latest possible date.

The index to Miscellaneous Information will be found on page 11.

Colorado Springs and the Pike's Peak Region

Colorado Springs holds a unique position among the cities of the west. It was founded and has been developed along distinctive lines. As a residence city it has no equal in the West. The beautiful homes and well-kept lawns, the broad, parked streets and avenues, the schools and churches, the metropolitan stores and markets, the very cleanliness and tidiness, the abundance of pure mountain water, and the distinctive civic development—all stamp the place as a City of Homes. As a tourist resort and center of wonderful scenic attractions, it is known far and wide; as a health resort, it has an international reputation. Its unique situation, at an altitude of more than a mile above the sea level; sheltered by mountain ranges to the west and north, with an open aspect to the south and east, resulting in an unusually large percentage of sunshine; makes it an almost ideal place for regaining health, especially in tuberculosis. Reasonable health regulations,

efficiently enforced, protect the well and the sick. It is a city of no mean commercial importance, being the financial and smelting center for the Cripple Creek district, and while its development has been more essentially along residential lines, there are in this immediate locality, industrial plants of considerable importance.

Spread out on this sheltered plateau at the foot of Pikes Peak is today a unique community which has attracted the attention and admiration of the traveler, the invalid, and the home-seeker. It is in reality composed of three sister cities—Colorado Springs, Colorado City and Manitou—with a combined population of 41,000. Each has its individual characteristics, and whatever may be said of Colorado Springs as a desirable place for Health, Education, Recreation, and Residence, applies equally to this entire section; which has been called, because of its dominating mountain, the Pikes Peak Region.

Climate

The climate of Colorado contains more of the essential elements which effectively promote health than that of any other country. These requisites are found in the chemical composition of the atmosphere; in the dry, pure, clean, soft yet stimulating breezes which quicken circulation and multiply the corpuscles of the blood; in the tonic effect and the exhilarating influence of the ozone; in the flood of its life-giving, germ-destroying sunshine which militates against depression; in the altitude which tempers heat, prevents enervation and constantly arouses physical energy and mental action.

Points of Interest

The Pike's Peak Region is known as "America's Scenic Playground," and it has been said that nowhere else on the continent is there to be found so great a variety of wonderful scenery, so easy of access, as in this immediate locality. The majesty of its mountains, the glory of its canons, the expanse of its vistas and the freedom of its great out-of-doors appeal even to the seasoned traveler. Among the more noted of the points of interest in the vicinity of Colorado Springs, Colorado City and Manitou are:

- Ancient Cliff Dwellings, a reproduction of the Mesa Verde ruins.
- Broadmoor, fashionable suburb with many beautiful mansions.
- Canon City and the Royal Gorge, connected by splendid state highway.
- Cascade Canon, and other pleasant resorts in Ute Pass.
- Cave of the Winds, Nature's geological miracle, reached by auto road.
- Cripple Creek Short Line Trip, climbing the backbone of the continent.
- Crystal Park Auto Road, unfolding comprehensive views.
- Florissant, with its fossil beds and petrified trees.
- Garden of the Gods, with its marvelous red sandstone formations.

Glen Eyrie, where General Palmer made his home.
 Hidden Inn, unique rest-house in the Garden of the Gods.
 High Drive, a trip of splendid views of mountain and plain.
 Monument Park, with its weird rock formations.
 Monument Valley Park, beautiful park within the city limits.
 Mt. Manitou, whose summit is reached by scenic incline railway.
 Mushroom Park, with the Balanced Rock and other curious formations.
 North Cheyenne Canon, a part of the city's park system.
 Palmer Park, with its rugged bluffs and splendid vistas.
 Pike's Peak, whose summit is reached by cog railway, trail and auto highway.
 Rainbow Falls, at the entrance to Ute Pass.
 Seven Falls, the climax to South Cheyenne Canon.
 South Cheyenne Canon, a mighty cleft, lined with granite walls.
 Stratton Park, with pavilion, playgrounds and picnic grounds.
 Ute Pass, through which runs the Pike's Peak Ocean-to-Ocean Highway.
 Ute Trail, used centuries ago by Indians in their journeys.
 Wildflower Excursion, on the Colorado Midland railway.
 Williams Canon, whose limestone walls resemble castle ruins.
 And innumerable roads, drives and trails, affording many interesting trips.

Taken year in and year out, from January to January, the climate of the Pike's Peak Region will out-average all others for mild, invigorating, pleasant and healthful weather. Official records show an average of 180 absolutely sunny days, and 130 partly cloudy, making a total of 310 days of sunshine every year, while there are only 11 days a year totally lacking in sunshine. That Colorado Springs is a healthful city is shown by the fact that its average resident death rate is only 7.72 per 100; this same ratio holds true of Colorado City and Manitou as well.

The three sister cities at the foot of Pike's Peak are modern communities with every up-to-date metropolitan convenience. The following figures, taken from the records of Colorado Springs substantiate this statement:

Assessed valuation—\$36,923,410—on a basis of the full actual valuation.

Bonded Debt—for city hall, bridge and viaduct, and sewer, Dec. 31, 1915,
 \$209,200; for water works, \$1,590,200.

City tax-rate—6.7 mills; total tax-rate, 19.32 mills.

Area of city—5,241.3 acres.

Miles of street—125.

Miles of paving—2.28; 3.2 oiled.

Miles of public sewer—74.32; valuation, \$241,735.

Miles of water mains—143.

Value of water system—\$3,197,107.54.

Parks and Parkways—11; valuation, \$1,899,164; number of acres, 2,600.
 Fire department—Men 39; station houses, 4; motor trucks, 5; engines, 1;
 extension ladder trucks, 1; hose and chemical wagons, 4; hose carts, 2;
 value of buildings and lots, \$33,000; value of apparatus, \$32,250.
 Police department—Men 25; station houses, 1.
 Public Schools—Buildings, 30; teachers, 175; pupils, 5,804; value of buildings
 and lots, \$966,981.63.
 Books in public library—30,000.
 Postoffice receipts, 1915—\$140,914.07.
 Banks and banking houses—7; combined capital, \$1,175,000; total deposits,
 \$12,336,683.34.
 Theaters—6; hotels, 20; hospitals, 9.
 Building permits, 1915—275; value, \$184,722.00.

Parks

Colorado Springs' park system is notable. It comprises 2,600 acres, more than is owned by many cities fifty times its size, and includes some of the most famous natural wonders of the Pike's Peak Region.

Educational

The tone of the community is distinctively that of culture and refinement, and this is reflected in its excellent public school system, its private schools, and in Colorado College, whose faculty ranks with the best in America. More than one million dollars have been invested in the public schools, and Colorado College has property and endowment valued at more than three million dollars. Brown's Business College, with an able faculty, is well equipped for the education of those desiring to enter business life.

Pure mountain water, coming from the snow-fed streams on the slopes of Pike's Peak, above sources of contamination, is one of the city's best assets. The system belongs to the municipality.

Among the institutions of importance located in this vicinity are the Union Printers' Home; the national sanatorium of the Modern Woodmen of America; the Colorado School for the Deaf and Blind; and the Myron Stratton Home.

In an industrial way, there are in the Pike's Peak Region 150 manufacturing plants, with an annual output of \$3,134,500; while all industrial plants employ 3,210 persons with an annual payroll of \$2,806,626, and with a combined capitalization of \$11,547,000.

Colorado City

Colorado City, the first capital of Colorado, adjoins Colorado Springs on the west. It is the center of many industrial plants, and is blessed with

abundant natural resources and materials for factories of many kinds. Fire clay for the manufacture of brick and tile, ingredients for Portland cement, sand and limestone rock for the manufacture of glass, and gypsum of finest quality for the making of plaster of paris, are close at hand; and a short distance above Manitou, in Ute Pass, is found pigment for mineral paints. Plants for the manufacture of these products are expected to locate here in time and to form the basis for a larger and busier city.

Manitou

Manitou is noted alike for its natural beauty and its sparkling mineral waters. It nestles in a cleft in the mountains just at the foot of Pike's Peak, sheltered by hills gradually rising to the dignity of mountains. Residences have been built where stream and canon permitted, and the main avenues follow the windings of the mountain streams, giving the village an individuality that is at once distinctive. To its picturesque location, its progressive people have added the advantages of a cleanly and well-kept town, a municipal system bringing pure, cool water from the north slope of Pike's Peak; a fine public library; a modern school; churches; a sanatorium; and hotels, apartments, cottages, bungalows and other accommodations to suit the taste of visitor or resident. Its commercial club is active in promoting the town's welfare.

The up-to-date business houses will be found represented in the advertising departments of the Directory, for business men appreciate the fact the Directory represents the city and its business interests both to the stranger within the gates and the people of the many other cities to which it goes—as no other publication does or can.

The publishers beg to extend their thanks for the courtesies that have been shown their representatives and for the liberal patronage bestowed upon the work.

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

Our Modern Collar Ironing Machine

is a wonder for turning out fine work. Every collar perfect, no smashed button holes and what can't be done by hand work, plenty of tie room. Result, no pulling and hauling of neckwear to get it to set just right. And we do shirts equally as well as we do collars. Try us just once.

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

FEW PEOPLE REALIZE

How many changes occur in
a city's population during
a single year.

The actual changes are shown below:

New names written in.....	23%
Old names taken out.....	17%
Changes in location.....	30%
Total changes.....	70%

This shows the danger of trusting to an old edition of the Directory. It is cheaper to buy a new book than take chances.

You Should Be Listed

Under every heading of the Classified Section of the Directory, where people might look for you. Your name being in bold type under those headings not only gives you an advantage over competitors not so described, but protects other advertising you may do.

The Cost

Of listing is so slight when one considers its value, and the fact it is working 365 days in the year, that no live concern can afford to overlook it.
