Board members should let Ms. Hammond know when they plan to attend an event. The committee also met with PPLD Foundation & Development Officer D. Cromeens to discuss PPLD's focus in 2017, which is to expand services to meet the needs of 21st century Library patrons.

Financial Report

The financial report for the period ending December 31, 2016 was included in the Board packet. Chief Financial & Business Officer Michael Varnet noted that increases to revenues like specific ownership taxes and interest income are indicative of an improving economy.

Banking Services RFP

Information about the recently completed RFP for banking services was included in the Board packet. An RFP for banking services has been completed and based upon the results of the RFP US Bank has been selected to provide PPLD's banking services for the period of April 1, 2017 – December 30, 2020 (a non-appropriation clause is included in the contract). US Bank provided the lowest bid (\$573/month).

PPLD will be evaluating the use of a Purchasing Card program separately from the banking RFP.

Library Services and Branch Services Report

The Library Services and Branch Services Report was included in the Board packet. This was the debut of this report, it will appear monthly in the packet. Associate Director for Branches Lynne Proctor pointed out the high level of community collaborations going on throughout the entire District.

Executive Director's Report

Executive Director John Spears provided the Board with updates on library facilities and progress on the Compensation Study being done by the Singer Group.

The conceptual designs for the redesign of the Manitou Springs Library were presented to the Manitou Springs community for feedback. Feedback was very positive. A concern from a neighbor worried about increased traffic in the parking area was raised. The Manitou Springs City Council has voted to move forward with the project. The City of Manitou Springs will need to do a great deal of fundraising for this project.

Calhan community members would like to establish a community center in Calhan. They have asked PPLD to consider collaborating on the project.

Schriever AFB currently does not have a community center or a library. They have asked PPLD to discuss a joint-use project.

The Compensation Study being undertaken by the Singer Group is moving towards final recommendations which will be presented at a special PPLD Board meeting on March 28. Executive Director Spears reported that results of the study show that the majority of PPLD positions are under market, with some as much as 40% under. He noted that implementation of the compensation recommendations may take a few years, but that PPLD is committed to paying its staff what they deserve. He added that PPLD will no longer allow library services to the community to be subsidized through sub-standard pay. Mr. Spears also shared insights on what some of the expected recommendations coming out of the Singer Group may include:

- A move to matrix management operations
- Building managers at EA, PE and LI who will also be responsible for branch clusters
- No staff will lose jobs or pay, but some may have different jobs
- Across-the-board elevation of staff duties
- MLS librarians will move away from desk duties and into community engagement
- Possible new positions including Organizational Development Officer, Director of Strategy and Innovation, social worker

L. Gonzalez left the meeting at 5:00 pm.

Peggy Littleton left the meeting at 5:05 pm.

Ryan Brown left the meeting at 5:08 pm.

The Adult Education and Family Literacy Act and Workforce Innovation and Opportunity Act (WIOA) Grant application in the amount of \$122,175 was submitted on February 21. Huge thanks to Adult Education staff for completing the lengthy and detailed technical portions of the grant and to Finance staff for preparing the Budget. This Federal grant, managed through the Colorado Department of Education is designed to expand and improve the current system of delivering adult education and literacy services through evidence-based practices and continuous improvement in order to:

- Build career pathways providing adults with basic and secondary education to enable them to earn a high school equivalency diploma, transition into postsecondary education or training, and/or gain or advance in employment in order to achieve self-sufficiency.
- Provide parents and guardians with sufficient skills to become full partners in the educational development of their children.

Further, eligible providers that receive grants under the Adult Education and Family Literacy Act Grant Program will be designated as one-stop partners and are required to align and contribute to the one-stop delivery systems in Local Workforce Development Areas. Specifically, one-stop partners are required to provide access through the one-stop delivery system providing academic and job application or career services.

Approximately \$5.2 million is estimated to be available for adult education and literacy (WIOA Sec. 222(a)(1)) for the 2017-2018 fiscal year (July 1, 2017 – June 30, 2018). Applicants will be notified of final award status no later than **Monday, May 1, 2017**.

The State Historical Assessment Grant Contract was completed and returned to the State Historical Fund for processing. The Library will have 2 years to complete the terms of the grant in assessing the condition of the Knights of Columbus Building.

Additional grant application activities include the NASA @ My Library grant for STEM training and program kits and a possible \$25,000 grant application to the ECMC Foundation toward support of Adult Education. A \$5,000 request supporting the Sand Creek Maker Space was submitted to the Ent Credit Union YES grant program.

A representative of the Comcast Corporation conducted a site visit to the Sand Creek Library and proposed Maker Space. Comcast would like to provide support for the grand opening to be held in late July or early August.

Women, Wealth and Wisdom is scheduled on March 25 and *Geeks who Drink* partnership (sponsorship solicitation is underway. It is scheduled for Sept. 8. There were 37 posts for the month, about 9 per week.

Library Services & Branch Services Report

The January Maker in Residence program at Library 21c featured Ron and Dr. Wanda Cousar. 37 people visited during studio hours, which is incredible. Studio hours aren't always a big draw, but with the nature of their residency being music and dance, they created themes for each of the sessions and talked with patrons specifically about that part of their expertise.

At the East Library, 45 children created Klimt-inspired trees of life using sharpie and watercolor.

Penrose Children's hosted their first Elementary S.A.L.T. (Science Art Literature Technology) program and it was a smashing success with 40 people in attendance. Children and parents had a great time with all kinds of interesting art, building and tech projects. The parents were very excited that PPLD staff created a program for their school age children afterschool.

Terry Zarsky, Business Librarian, was a speaker for 4 events with 87 people in attendance. The groups included SCORE SmartStart, Northern Business Connection, Fort Carson Boots to Business, and USAFA TAP.

Melanie Wehrle, Senior Connections Librarian, attended the quarterly Senior Resource Council (SRC) member meeting where she was introduced as a SRC board member. There were approximately 75 in attendance. She also attended the monthly Senior Resource Council Board of Directors meeting.

Bill Thomas, Special Collections Photo Archivist, attended and photographed the January 21, 2017, Women's March in Colorado Springs. The event photographs will be developed into a new collection to be added to the existing digital collections site.

Community Libraries and Adult Ed – New self-checks have been installed in all locations.

Adult Ed: Implementation of Career Online High School (COHS) continued with the official launch of the program at the February 27th event. CEOO is working on marketing. There are 107 people enrolled in ESL classes.

CH: The big news in January was the renovation! Despite losing power due to the heavy winds 10 minutes into the project, everybody pulled together to get it done on time and within budget. The major changes were replacing the carpet throughout the library, installing self-checks, opening the space up by reducing the service area footprint, removing and moving some shelving and adding another security camera.

HI: Many adult and adolescent patrons have been spending more time in the library, sitting, reading or working on their laptops. Patrons have started to use the Community Meeting Room as overflow for seating when we do not have a meeting or program going on in the room.

HO: We are working on many technology upgrades-created inventory list of PCs and printers for IT, expedited wireless printing and instruction, upgraded AV laptop and speakers in meeting room, mapped all staff PCs to all drives so work can be done on the desk and moved copier to lab to centralize “tech” needs.

MA/UT: Chi Ito won the Civic Achievement Award at the 3rd Annual Manni Awards in Manitou Springs recently. The Civic Achievement Award is given to a community member who shows outstanding service and dedication to making Manitou Springs the best it can be.

MLS: The County Mobile had more repairs this month including the doors, stairs and fuel gauges. Winter weather and the repairs played havoc with schedules but staff stayed flexible and received training for working safely in alternate vehicles. MLS has received 6 requests for additional stops.

MO/PA: Liz has had two micro outreaches to local gathering spots and issued a few library cards as well. The hotspot and staff laptop are great for these types of outreaches. Drew made contact with the new Tri-Lakes YMCA director and the nonprofit group UpaDowna. Palmer Lake had multiple facilities issues (plumbing and heating) which Linda coordinated with the Town to fix.

OL: Trish was invited to become an Old Colorado City Foundation board member and three staff went to the CAL winter workshop. The historic Bancroft Park stage was a victim of fire. The park is across from OL.

RO: We installed a second art display area in the lobby. It will be used to hang community art, art from area schools, etc. This will open up new opportunities for outreach.

SA: We made progress on planning for our makerspace, both with design/construction and some staffing decisions. Our fax machine continues to be very popular. It is very rewarding to be able to provide this patron service and that is a definite morale boost for staff as well.

FO: The Winter Adult Reading Program is a favorite for Fountain staff. They enjoy the hustle and their joy is infectious to patrons. Chester was recognized by the Green Team for his efforts to reduce waste and be more eco-friendly at FO. They sent him a nice gift including an etched plate.

Meeting Room Policy Revision

BACKGROUND

The Meeting Room Policy had not been updated to reflect the many changes at PPLD. The Meeting Room Policy varied from location to location. An updated policy that is consistent across the District is needed.

Thanks to Sean Anglum, Tim Blevins, Becca Cruz, Michael Doherty, Rich Egan, David Glenn, Nancy Maday, David Nagle, Jim Nelson, Lynne Proctor, Joanna Rendon, Amy Rodda, Lindsay Sosa, and Gary Syling for contributing to this revised policy.

A shorter version of the policy will be created for the PPLD website. There will be a link to the full policy. Photos of the meeting rooms with specifics (i.e. capacity, equipment, etc.) will also be added to the website.

In public libraries, there are exceptions to every rule. Managers will have the discretion to make exceptions to meet the needs of our community members.

SUMMARY OF CHANGES

The following are changes to note.

- I. Reservations will be made based on the priority list rather than first come first served.

- III. Second paragraph added.
The library is a public space. In accordance with our mission, we encourage all groups to use our meeting rooms. If the meeting is not advertised as being "open to the public," groups using the meeting rooms have the right to limit attendance. However, library staff cannot be expected to enforce or ensure the privacy of any meeting.

- V. A. A Library card is preferred not required.

- V. B. Use of the meeting rooms is free. (Effective 1/2017)

- V. I. Link added for the Photography Policy.

- V. M. Meetings will be scheduled during the hours that the Library is open for public service. This includes set-up and take-down time. Available time ends 15 minutes prior to closing. Fountain Library is an exception due to its location and connection to the City of Fountain.

- V. N. Applicants may schedule time to test the equipment. Assistance with the video/audio equipment may not be available at the meeting time.
- V. P. Cleaning and/or damage fees will be charged to PPLD accounts if a library card was used. Otherwise, invoices will be sent to the applicant. Cleaning and/or damage fees will be a minimum of \$50.
- IX. B. Light refreshments and some examples for food are given. A list of suggested caterers will be provided. **There is no longer an exclusive caterer that staff and patrons are required to use.** There is no longer a \$50 non-refundable fee for having food. Patrons leaving a room messy or with damage will be charged a minimum \$50.

RECOMMENDATION

The adoption of this policy will bring consistency for the public use of the District's meeting rooms. The additional changes for posting the information on our website will improve accessibility for the policy and ease of use.

Staff recommends that the Pikes Peak Library District Board of Trustees review the full policy and approve the "Board Policy" as it relates to the Pikes Peak Library District Meeting Room Policy.

Film, Photography and Recording Policy

BACKGROUND

There is a need for a full policy on the use and permissions for film, photography and audio recording in all PPLD facilities. Due to the capabilities of any patron, from amateur to professional, to be their own videographer, photographer or recordist, a policy that is consistent across the District is needed.

Thanks to the Leadership Team (specifically John Spears, Rich Peters, Sue Hammond), David Glenn from Security, and Jeremiah Walter from the CEOO for contributing to this policy.

This policy will be included on the PPLD website and distributed to all building managers and security personnel. It is important for the safety and security of our patrons and guests that this policy is followed.

RECOMMENDATION

The adoption of this policy will bring consistency for the use of film/video, photography and audio recording in the District's facilities. The posting of this information on our website will improve accessibility for the policy and ease of use.

Staff recommends that the Pikes Peak Library District Board of Trustees review the full policy and approve the "Board Policy" as it relates to the Pikes Peak Library District Film, Photography and Recording Policy.

Pikes Peak Library District Policy for Filming, Photography and Recording

BOARD POLICY

The most significant priority for Pikes Peak Library District (PPLD) is to provide library services to the Pikes Peak community, and the filming and photography described below are allowed only to the extent that they do not interfere with its Mission. PPLD understands that the Library District is within its rights to limit filming and photography within PPLD facilities when such restrictions serve Library purposes. Foremost of these is ensuring the right of PPLD patrons to acquire knowledge and information freely and confidentially without scrutiny, intimidation or distraction by others. Consistent with the policies of other public libraries, PPLD may film, photograph or record Library programs or events for promotional purposes at its discretion.

I. DISTRICT PROCEDURES

- A. Any persons filming, photographing and/or recording on PPLD premises have sole responsibility for gaining all necessary releases and permissions from persons who are filmed, photographed or recorded.
- B. PPLD undertakes no responsibility for obtaining these releases.
- C. Authorizations may be required to video, photograph and record at PPLD facilities as described below.

II. NEWS MEDIA PHOTOGRAPHY

- A. PPLD has an open door policy for news media photographers and reporters who are doing stories or projects that directly involve the Library and its programs with advanced authorization from the Community Engagement and Outreach Office (CEOO).
- B. For non-Library District events and meetings, news media photographers and reporters must receive authorization from the presenting group, organization or individual and must notify CEOO that they have received such authorization.
- C. The Library District does not allow the news media to use its facilities as a backdrop for stories or projects that do not relate to the library itself or allow access to library patrons for opinion polls or “man on the street” interviews without prior authorization from CEOO.
- D. Photography of the Library’s materials and resources is permitted with the authorization of the Executive Director or designee.

III. DOCUMENTARY-TYPE PHOTOGRAPHY FOR PUBLICATION OR BROADCAST

- A. PPLD permits photography of its premises and activities when the use of the photographs involves the Library directly, i.e. books, articles, PPLD meetings and events or videos about the Library

District itself, the Library District's position in the Pikes Peak region as a tourist or learning destination, or as part of a piece used to describe our community.

- B. Individuals or organizations with a documentary requirement must obtain authorization in advance from the Library District's CEOO prior to commencing any documentary related activities.

IV. COMMERCIAL PHOTOGRAPHY

- A. PPLD does not permit commercial photography on or in its facilities without the written permission of CEOO. This includes, but is not limited to, using Library buildings, grounds or interiors as a stage set for portraiture, model photography, or product photography or filming used to advertise goods or services unrelated to the Library for commercial sale or promotion.
- B. The exception for this policy is the use of Video Services' studio and equipment, when these are checked out in a timely manner. This filming and photography IN STUDIO is covered under the multimedia class curriculum.

V. AMATEUR PHOTOGRAPHY

- A. Casual amateur photography, filming, or recording is permitted in Library facilities for patrons and visitors wanting a remembrance of their visit, provided that other library users or staff are not captured in any such photographs, films, or recordings without their permission.
- B. The use of additional equipment such as lighting is not permitted.
- C. Photography and recording of private and "reservation only" events may only be done with the permission of the organization or individual holding the event. It is the sole responsibility of the photographer to obtain that permission.

VI. MOTION PICTURE INDUSTRY

- A. PPLD will permit the motion picture industry to use its facilities for filming major entertainment projects where a library setting is called for if the project:
 - i. Does not interfere with the mission of PPLD
 - ii. Is in accordance with the rest of this policy
 - iii. Does not advertise or promote commercial products
 - iv. Avoids any relation to political campaigns or to partisan issues.
- B. Motion picture industry related projects require the approval of the Executive Director or designee, with all details coordinated in advance with Library administration, CEOO and PPLD Security.
- C. Filming may take place only during hours when the Library is closed, and all equipment must be removed during the Library's operating hours.
