

Suggest Titles for Purchase from OverDrive

Pikes Peak Library District would like your help in continuing to build the collection of over 95,000 titles currently available from OverDrive through PPLD's CyberShelf.

If we do not own the title, you can recommend that we purchase it by accessing the Library's OverDrive digital catalog website. Titles must meet collection development guidelines ([link](#)). Not all titles can be purchased.

Due to budgetary constraints, you may request one title every 30 days. If the requested titles exceed the weekly budget, your title may not be purchased.

If you would like to donate an eBook or eAudio book to the collection, see donation information here ([link](#)). Titles must meet collection development guidelines ([link](#)). The cost of titles to libraries often is more than the consumer price. Staff will consult with you about the cost.

1. Go to **CyberShelf** then **OverDrive** in the upper navigation bar of ppld.org.
2. Click **Sign In** and enter your card number and PIN.
3. Under the Search bar click on **Advanced** (located at the top right of the page).
4. Fill in your search items.
5. If your requested title is not available, scroll down to the section **Didn't find what you're looking for?**. This will display all titles currently available to request through PPLD. You may need to click **See All** if your title is not shown. If your title is listed, mouse over it and click **Recommend**.
6. Choose either notification by email or the automatic placement of a hold for the recommended title.
7. Click **Recommend this Title**.
8. If your title is purchased, you will be notified by email.
