

Windows 8 Wireless at PPLD

Move your cursor to the right side of the computer screen. A menu bar will show up. Click on Settings.

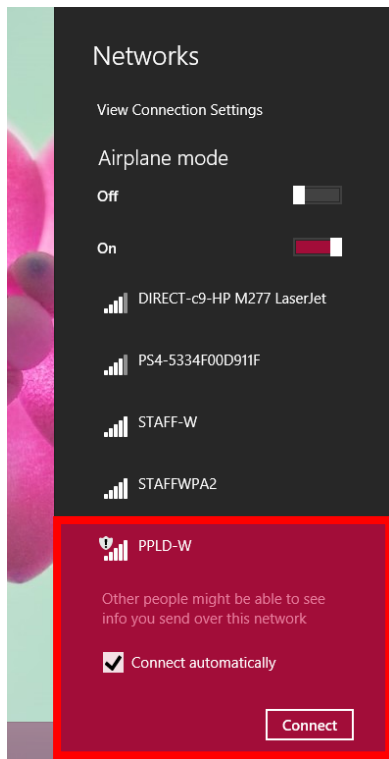

Please verify the wireless network adapter on the laptop is turned on before proceeding. You can check this by going to your Control Panel and clicking on Network and Sharing Center.

Click on Networks. Available networks will show up under Wi-Fi. Click on PPLD-W.

Click Connect.

If you would like your laptop to automatically connect to PPLD's Wi-Fi check the box.

Next, open up your preferred browser. You will be prompted to accept the PPLD WIFI Access Guest Wireless Access Acceptable Use Policy.
