

Aspen Yager, 5th Grade, Homeschool

“Where do I come from?” by Aspen Yager

Florida, Virginia, Rhode Island, Florida, Washington, Colorado

Where do I come from?

With snapping jaws and scaly claws

Palm trees lining every road, \$1 dollar pizza locally owned

Where do I come from?

A pool at Grandma and Grandad’s and puddles on floor

coming home from the beach with rocks, sticks, acorns, and more

Back from preschool and seeing bob the squirrel,

life as a four year old goes by in such a whirl

Where do I come from?

Autumn winds blow cold and clear

old mansions and light houses down by the peer

26 kids play games together

running down the hill as light as a feather

Where do I come from?

Water bubbling up from the ground

warm teal water all around

Homeschooled in a RV park,

bikes with wheels glowing in the dark

Where do I come from?

Cold water lines the towering mountains

with sand dollars at the millions

Sweet smells of ice cream from the farmstand makes it hard to be in last

Walking across the windy bridge is hard at Deception Pass

Where do I come from?

Mountains and hiking and road trips galore

Deep underground a gold mining tour

Winter, spring, summer, and fall are all really great

especially when there is only two or three seasons in all the other states

Where do I come from?

Florida, Virginia, Rhode Island, Florida, Washington, Colorado

That's where I come from!
