

TAKE AND MAKE: Leaf Sprites

Ages 5-12

Step 1.

Gather your supplies.

Provided in your bag: cardstock leaves to color and cut out, pipe cleaners

From home: colored pencils/crayons/markers, scissors, tape or glue

Step 2.

Color in your leaves (or find some real leaves outside!). Try mixing colors to get your perfect fall leaf. Using a marker or pen, draw faces on your leaves.

Step 3.

Cut out each leaf carefully (you might need a grownup's help with this).

Step 4.

For each leaf: cut a pipe cleaner in half. Tape or glue both halves to the back for the arms and legs. Bend them however you like to make your leaf unique!

Step 5.

Have fun with your little leaf sprite friends!

ASL

Learn the ASL sign for "autumn"!

This sign looks like leaves falling from a tree!

Hold one arm in front of you at a diagonal angle (like a tree leaning over). Use your other hand to demonstrate leaves falling from the tree...make the motion twice. The ASL sign for "autumn" is that simple!
