

Take and Make: Magnet Mazes

Ages 5 - 12

Materials we provide: magnet, craft stick, paper, paper clip

Materials you provide: markers, glue or tape, other metal objects (optional)

1. Create a magnet wand by affixing your magnet to one end of your craft stick with glue or tape.
2. Draw at least one style of maze on your paper.
3. Place the paper clip on top of the paper maze and the magnet wand under the paper. Use the wand to maneuver the paper clip through the maze. You can also try this with other metal objects.

Caution: Magnets are extremely dangerous if swallowed. Please keep out of reach of young children.
