On the left side, there are four social media login buttons: Facebook (dark blue), Twitter (light blue), Google (white with Google logo), and "Library or Group" (dark blue with a book icon). A black arrow points to the "Library or Group" button. To the right of these buttons are two input fields for "Email address" and "Password". Below the password field is a checked checkbox for "Stay signed in" and a link for "Forgot password?". At the bottom of the right column is a green "Sign in" button. At the very bottom of the page, there is a link: "New User? Sign up now It's fast, easy and free."

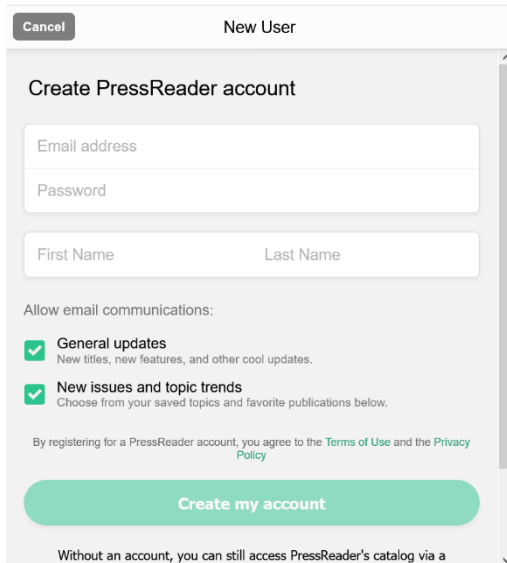

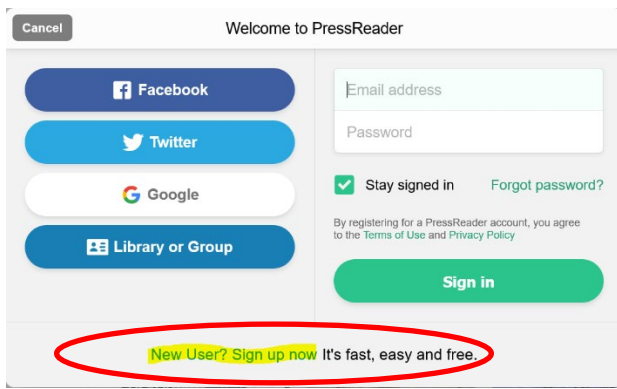

3. In the library search box, type **Pikes** and the Pikes Peak Library District will be the only library in the search results. **Click on Pikes Peak Library District** – do not click below on the link to find a hotspot.

4. Enter your library card number and PIN to sign in.

5. After you sign in with your library card number and PIN, you will see an option to create a free PressReader account. This will give you access to features such as bookmarking and sharing articles, and in the PressReader app, reading offline and having new issues of favorite titles automatically downloaded to your device. **This is optional and not needed to simply view and read titles.** If you later decide to create the free PressReader account, click on “Sign In” after you are logged on using your library card number and PIN, to create the account.
