Addendum # 3
to
Request for Proposal for
CAMERAS AND CABLING
for
Pikes Peak Library District
RFP #520-20-09

This addendum is a formal acknowledgement that Pikes Peak Library District submitted a Clarification for RFP Cameras and Cabling 520-20-09 as follows:

Given the changes to the RFP requirements as stipulated in previous addendums to this RFP 520-20-09, due in part to the unanticipated and on-going effects of COVID-19, and the resulting potential interpretations of conflicting provisions, the provision related to providing a mandatory notice for the intent to submit a proposal, which was primarily done for the purpose of setting up walkthroughs of the libraries which was ultimately cancelled, has been waived effective immediately. All other deadlines, due dates and other provisions of RFP 520-20-09, along with previous addendums to the RFP remain intact.
