Colorado Springs City Directory (1928)
The World-Famous Scenic Resort Hotel
In the Pikes Peak Region

The Broadmoor

The Broadmoor has been likened to a jewel in a setting of nature's own contriving. With a background of pine-covered hills, it lies at the very junction of mountain and plain—the delight of artists and outdoor lovers alike. The hotel itself is a place of rare charm. Open the year around it offers everything in the way of entertainment for its guests, from a cosmopolitan atmosphere to a brilliant social life.

Including such sports as polo, golf, tennis, riding, motoring, hiking, picnicking, fishing, gymnasiums and swimming.

The all year around famous 18-hole golf course, golf club and lake. melee from the Broadmoor roof garden.

Edw. G. Burke, Manager

Unsurpassed by the beauty of its surroundings, the Broadmoor Hotel in the Lake of Clearness beside it, the lake is used as a bathing beach during the summer and for skating in the winter.

Of interest to all visitors is the mirrored image of the Broadmoor Hotel in the Lake of Clearness beside it. The Lake is used as a bathing beach during the summer and for skating in the winter.

The Colorado Springs Chamber of Commerce

"The City of Sunshine"

Numbering in its membership more than 1400 of the most prominent business men and individuals in the community, the Colorado Springs Chamber of Commerce is a real factor in the development of the city and the entire Pikes Peak Region.

Naturally most of the activity of the Chamber is directed toward the further development of the tourist industry and toward this end extensive advertising is done, information bureaus maintained and the Pikes Peak Region given wide publicity.

The tourist industry is not the only thing to claim the attention of the Chamber of Commerce, however. The development of farm lands, the fostering of better cooperation between farmers and city residents; the consideration of civic problems and the furtherment of civic improvement are other things which come in for their full share of consideration at the meetings of the members and various committees which represent the board of directors.

Large ground-floor quarters are maintained by the Chamber on the first floor of the Independence Building. The rooms are open to guests at all times and the large assembly room is always available for public meetings of a civic or business nature. Here, too, the sessions of the farm bureau are held, and during the summer months the rooms are always the headquarters for the itinerant motorists and visitors who make the Pikes Peak Region their mecca.

In the years of its existence, the Chamber of Commerce has grown to be a real clearing house for ideas: a sort of thresher of suggestions and plans for city betterment and the development of civic stability. Paid officials attend to the routine work of the organization, and a secretary, working full time, directs the work along channels mapped out by the board of directors and the business men who make up the organization.

Better Printing Brings Better Business

The Printed Word
What a powerful influence it exerts.
It makes and unmakes kingdoms.
It builds up or it tears down.
It is constructive or it is destructive.
Rightly used, no other influence is equal in power, as Printing is the one great force that influences the mind of man.

That's Our Business
To produce the compelling force that moves goods.
The well-printed word carries the message to the buyers and brings in the money.

Fair Prices
The reason for the fair prices is that they are built on the
One fair and equitable price—none treated unfairly, none overcharged to meet losses on undercharges—ONE PRICE TO ALL—and that a fair, just and reasonable one.

Printing is the lever, the great force; it will move the goods; it is the one great power to compel purchasers to release accumulated funds.
Printing is indispensable to all business.

INTRODUCTION

COLORADO SPRINGS is a modern city which takes pride in its exceptional advantages as a residential center. It is an ideal city of homes and has a population of about 55,000. The city owns a mountain water system valued at more than $5,500,000, and has several miles of sewerage involving an enormous cost. A modern electric railroad, an up-to-date light and telephone system are also maintained. The city’s park system embraces more than two thousand acres and is unexcelled in variety and size. Colorado Springs has long taken rank as an educational center. The public and private schools maintain a very high standard. Colorado College, the oldest institute for higher learning in the state, is located here, as well as the Colorado Institute for the Deaf and Blind. The Union Printers’ Home, the Modern Woodmen of America and other sanitariums are located on the outskirts of the city.

Colorado Springs has an altitude of 6,035 feet and that of Manitou 6,335 feet. This region has long held an international reputation of being one of the greatest health and pleasure resorts of the world. The atmosphere is absolutely free from germ life and its curative qualities are attested by the permanent recoveries from lung troubles. It is known as the “City of Sunshine,” and the weather records for the past twenty-five years show an average of one hundred eighty clear days and one hundred twelve rainy partly cloudy days, making a total of three hundred eighty days of sunshine.

In presenting this, the 17th revised edition of this book to our subscribers, and to the general public, we do so with the assurance that the information is as complete as is possible to get up a work of this kind. We might add that the information contained in the Colorado Springs Directory is by far the most complete of any book of its kind on account of containing so many additional features that are not included in the average city directory. We regret, however, to call attention to the fact that the book has not been supported in an advertising way as liberally as it deserves, and unless we meet with better support from the business houses we will have to eliminate some features from the next edition of the book.

The up-to-date business houses will be found represented in the advertising departments of the Directory, for business men appreciate the fact the Directory represents the city and its business interests both to the stranger within the gates and the people of the many other cities to which it goes—as no other publication does or can.

Names Appearing in Black Letters

in this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in BLACK LETTERS are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city; they are NOT DRONES and SPONGERS who never support anything, and thereby gain by others' hard work and money.

When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

THE WHITNEY ELECTRIC CO. Our Specialty
THE QUALITY SHOP
208 N. Tejon Street Opposite North Park Electric Fixtures

Complete Home Food Service

With its very central location—within half a block of all street car transfer points—and
with phones on four trunk lines, Sommers' Market offers the ideal home food service.

If anything is available on the market, the
food buyer usually knows that she can get it at
Sommers', and we make our service thorough
down to the last detail.

Daily News of Good Things
to Eat in Advertisements
in Both Daily Papers

Every day in the year, we use advertisements in the daily
newspapers. We try to make these advertisements informative and
of real service to all food buyers.

In each we tell of special offerings, or new delicacies just re-
ceived, or seasonable foods.

Hundreds of people depend upon these advertisements for
food suggestions.

Don't Hesitate to Ask Us
to Deliver Any Delicacy

It frequently happens that Sommers is the only place at
which some wanted delicacy—some imported food—some new,
seasonable offerings—can be obtained. But whether you want
these, or some staple, don't hesitate to ask us to send it to you
on one of our numerous deliveries. We do this right along.

MISTAKES

There are mistakes in this Directory—no book of this character can be published without mistakes—but we believe that the errors have been held down to the minimum.

You can help the publishers avoid many errors in future issues by giving, in a clear and accurate manner, the information requested by the canvassers when they call upon you.

Flopped With Sales?

DID YOU ever send out advertising that produced so many inquiries and orders that you were "flooded?"

If so, you know the importance of correct, reliable

Mailing Lists

and are willing to go to almost any expense to get them.

Our mailing lists are not expensive, but they are up-to-date and complete.

As publishers of over 500 Directories we possess list facilities superior to any other list house.

Tell us the class of prospects you wish to reach, and we will offer some suggestions free and without obligation on your part.

Some of the shrewdest advertisers in the country patronize us—why not you?

R. L. POLK DIRECTORY CO.

15 Gazette Bldg. Colorado Springs
