

# Egg Carton Catapult

## Supplies:

Half a cardboard egg carton  
masking tape  
rubber bands  
plastic spoon  
pompoms or cotton balls

1. Stuff each section of the egg carton with balled up newspaper.

2. Close the lid and secure with a rubber band or two.

3. Wrap several more rubber bands around the base of the egg carton just below the opening.

4. Tape a rubber band to the handle of the spoon.

5. Tuck the handle of the spoon under the rubber bands that go horizontally around the carton.
6. Stretch the rubber band that's attached to the spoon up and over the spoon and around the back of the carton.

7. Wrap more rubber bands (at least 2) around the carton just above the middle opening.

8. Attach a rubber band from just under the “bowl” of the spoon around the top of the egg carton.
9. Pull back the spoon. Insert a small object. Point and release.
