

TAKE AND MAKE: STICKERS IN A FRAME

Create your own work of art using the stickers and frame.

Before your child can learn to write, they must develop the small/fine motor skills which are used to grip a crayon/pencil. Peeling the back off the stickers and placing them in the frame provides your child with the opportunity to develop these skills.

To prepare young children for writing, provide them with opportunities to use their hands and fingers. This will help them later when they hold crayons and pencils.

- Open and close containers with lids
- Cut with child-safe scissors
- Finger paint with paint, shaving cream, yogurt, or pudding
- Use a paintbrush
- Play with play dough and clay—roll, smoosh, pat, pound, and use tools like popsicle sticks or stamps
- Lace Cheerios onto pipe cleaners
- Lace pipe cleaners into the holds on a colander
- Draw, scribble, or write with crayons, pencils, and markers
- Put together puzzles
- Build with small blocks
