

## **Colorado Columbine**

By: Summer Wells, 4<sup>th</sup> grade, Martinez Elementary School

colorful colorado, beautiful and bright  
lively, wild broncos at mile high  
pikes peak high above the clouds  
colliding corners  
Air Force, flying high  
red, yellow, blue, and white painted in the sky  
opal skies follow you everywhere  
obsessive need to see the mountain ranges soaring high  
above the clouds  
mountain ranges roaring red  
skies always sleeping but when they wake they are  
extremely happy and screaming orange, pink and red  
landscape screaming to be seen  
big horns climbing higher and higher just wanting to get to the top  
illuminating water in every lake  
impossible to avoid being outside  
never ending horizons running on and on  
legendary trails run from Denver to the Springs  
color red from head to toe  
rabbits running free I wish I could be  
hearts beating hard  
kids couldn't get better

essence of perfect

This is the place i found my best friend and you will find

yours too
