

The Olympic City

By: Lily Joseph, 5th grade, Chinook Trail Elementary School

The soil where champions are forged,
Hardworking and inspiring,
Etched are the stories of our Olympians,

Olympians propel over the sky,
Love a sport to give a grander show than the last,
You dream impossible and turn it to reality,
Magical journey shows what you've been through,
Perseverance is the bridge to triumph,
Ignite that fire to become the best in the class,
Could our majestic mountains whisper to our Olympians?

Can I ever be as determined as them?
Indeed, I can! I can be!
To sparkle in the spotlight,
You craft a legacy beyond the possible!
